让孩子轻松 学华文

嘉宾:范文芳小姐主持人:林季华老师

寓教于乐: 2024年北京亲子游

鼓励孩子参与可以促进华文学习的活动

蹄铨参加 2022与2024年全国课文朗诵比赛

配合孩子兴趣的语文活动

和孩子一起阅读

寄居蟹小知识: 寄居蟹是怎样排队换壳的呢? 当一只寄居蟹发现一个新壳,它会先试穿看看,如果太大了,它 就会在旁边等待。其他寄居蟹也会陆续过来试穿新壳, 如果都太 大了,大家会依照体型,由大到小排成一行,直到最适合新壳的 大寄居蟹出现, 并搬入新壳后, 排在后面的寄居蟹就从旧壳换到 前面空出的壳中,最后,每只寄居蟹都有新壳了。

> How do hermit crabs line up to change their shells? Hermit crabs use shells as their homes. As the crabs grow, they periodically need to upgrade their homes to bigger ones. Hermit crabs do this by forming an orderly queue to change their shells all at the same time. Each crab would move out of its own shell and move into the one left by its former occupant, in descending order.

本系列为文芳首次挑战儿童绘本, 透过近年来作为一位母亲与演员 的观察,为孩子发想并绘制儿童 双语儿童绘本。
